

GOD THE CREATOR

I like to draw and paint, and I like to make a fort.

I like to build with legos, and make things of every sort.

Sometimes I draw animals, or paint a pretty sky,

Sometimes I build castles, or crazy things that fly!

I learned that God creates a lot, He likes to make ALL things!

He made flowers, fish and animals, and every bird that sings.

He even made the earth, all the oceans and the sun.

He makes bugs and bears and crocodiles - that'd be SO much fun!

God's very good at what He makes, and He does it really fast!

He made the world in seven days, and He rested on the last.

He made giraffes with such long necks, and elephants and fleas,

He made mountains, coral reefs and seaweed in the seas.

How He did that, I don't know, I may never understand.

He made every living creature in the sea and on the land!

God made me to be creative, and He's glad I draw and paint.

I love God so much, I want to be His little Saint!
